

Mosquito Creek Housing Co-Operative

Notice to All Members Gutter Cleaning

On Saturday, November 16th and Sunday, November 17th, Gutter-Vac Home Services will be on site to clean the gutters. Any Members with fenced gates (front and back), we kindly ask that you leave them unlocked so the contractors have access to do the work on the gutters.

The Board of Directors have also purchased a Gutter Cleaning Wand to maintain gutters throughout the year. This piece of equipment is available to All Members if you feel safe and comfortable using it.

On a side note, a Member has reached out to the Board that a used needle has been seen in our complex in a garden bed. Please be cautious.

Thank You Members for Your Cooperation,

Board of Directors
